

Biography: Mindy McDonough

Austin Region Office
Texas Commission on Environmental Quality

Current Position

Ms. McDonough is a senior stormwater investigator in the TCEQ Austin Region. She is a certified inspector of sediment and erosion controls through CISEC, Inc. Ms. McDonough routinely conducts stormwater investigations of construction sites, industrial sites, and Municipal Separate Storm Sewer Systems. Additionally, she serves as an Emergency Response investigator and is a member of the TCEQ Stormwater Investigator Committee.

Prior Experience and Education

Ms. McDonough has been with the TCEQ and its predecessor agency, the Texas Natural Resource Conservation Commission, since 2000. She was an air quality investigator in the Houston and Austin Region Offices prior to becoming a stormwater investigator in the Austin Region Office. She has served as Chair and Vice Chair on the TCEQ Stormwater Investigator Committee and the Air Quality Investigator Committee.

Prior to working for the TCEQ, Ms. McDonough worked for the Pollution Control Division of the Galveston County Health District where she served as an investigator for water quality, air quality, and Stage II vapor recovery equipment at gasoline dispensing facilities. She also performed air quality monitoring and surface water quality monitoring and assisted with laboratory analysis.

Ms. McDonough received a Bachelor of Science degree in Marine Biology from Texas A&M University Galveston in 1998.
